Alan Parker, Chief Executive, Whitbread PLC comments:

"This has been a good quarter's trading across the Group with all four businesses generating a positive increase in sales.

Premier Travel Inn's growth has strengthened with total sales up 16.3%. In the first 39 weeks we have opened 1,640 Premier Travel Inn rooms, which includes 14 new build hotels and 9 extensions to existing hotels. We remain on target to open 2,500 rooms in this financial year.

Pub Restaurants have improved with a total sales increase of 2.1% and positive recent like for like sales growth. This results from our strategy of focusing on joint pub restaurant and Premier Travel Inn sites, new menus offering improved quality and better value and the continued refurbishment of the estate. This year 58 restaurants have been remodelled.

David Lloyd Leisure has delivered a 5.8% increase in sales on a stable like for like membership base. New initiatives introduced this year have had a positive impact on retail sales per member.

Costa has seen total sales up 22.1%. 137 new stores have been opened (116 net of closures), including 56 equity and 81 franchise stores, 46 of which were overseas. This week Costa celebrated the opening of its 500th UK store in Oxford. Internationally it has opened its first store in Eastern Europe and will

open in China in Shanghai by Christmas.

These results demonstrate that we continue to make improvements in operating performance. We are driving rapid expansion in our Premier Travel Inn and Costa businesses and the ongoing turnaround at David Lloyd Leisure is encouraging. I am particularly pleased by the first signs of improvement in Pub Restaurants."
